## EFFICIENT & EFFECTIVE

CanU maximizes your impact. We're proud to share that 92% of our resources are dedicated to our vital learning experiences and mentorship programs, directly benefitting those that need it most.

With only 8% of our operating budget allocated to administration, management and fundraising, we can ensure that **your generosity goes where it matters most.**

## THE COST OF CANU

Some of the greatest barriers to post-secondary education are getting there and maintaining the energy to engage and learn. **These barriers are CanU's bottleneck** - Our capacity is set by how many mouths we can feed and how many kids we can fit on the bus.

Your contribution of **just \$17/month** allows us to create space for **another kid on the bus**, en-route to discovering their potential. It's really that easy.

## BUILDING A STRONGER FOUNDATION

CanU runs on the passion of its volunteers, in-kind donations from partners, and generous support from community grants and donors.

While we are incredibly grateful for our current grant support, we recognize the need to **diversify our funding sources** by expanding funding through **donations and sponsorships**.

By supporting CanU, you are fortifying our long-term stability and making a lasting impact on the communities we serve.
